Anticon[®] White Magic[™]

Economical polyester interlock knit wipe

DESCRIPTION

Anticon White Magic is made from 100% continuous filament polyester with an interlock construction. Patented technology used in the manufacture of this wipe maximizes the sorbency capacity. This wipe exhibits low particle and fiber counts and provides ultra-clean wiping for critical applications.

FEATURES & BENEFITS

- Low sub-micron particles and fiber counts minimize the risk of contamination
- Provides superior economic value
- Patented sorbency technology reduces the number of wipes required
- Manufactured from 100% continuous filament polyester and specially processed for superior cleanliness and sorbency
- Cleanroom laundered
- Tested in accordance with the IEST Recommend Practices for the Evaluation of Wiping Materials for Critical Environments
- Recommended for use in ISO Class 4-5 Cleanroom Environments
- Ideal for applications that require high sorbency
- Excellent for use in electronics applications
- Available in 9" x 9" in bulk and stacked packaging
